

THE FAMILY MEMBER

HOME CARE SERVICES

(In association with Maledi Krupa Nursing Bureau)

Dear Mr / Mrs _____,

Welcome on being a part of THE FAMILY MEMBER, where we are dedicated towards of well being of you and your family member's health and speedy recovery.

As a dedicated home care service provider, we are trained and focused on the treatment part of the patient at home. Whether it is nursing or attendant service or any related services, our focus will always be the care and comfort.

Moreover we believe that only 5-10% patients require constant 24*7 care givers, but the services today are always focused on full time nursing and attendant services, sometimes which becomes costly for middle class and higher middle class families. So many patients who really require these services are not able to spend. So the family member has come out with a unique feature of pay just for the visit.

The Family Member has been approved as social startup by Government of Gujarat and well supported by LJ Knowledge foundation as well. It is now our honor that the most reliable real estate group Bakeri has supported this niche initiative of providing home care services at very affordable rates to the residents of Bakeri City

We will always try to provide best services in terms of quality and medical practices towards the well being of the patient. But if still you find any service related or other issues please feel free to contact Mr. Piyush Vayeda @ 8487809845 or Umeshbhai @ 8140552776. We also assure you that any of your data will not be shared with anyone else and will be purely confidential.

We once again thank you for showing trust in us by providing us an opportunity to serve you. We always look forward for your precious suggestions to improve our service quality by any means.

Thank you
